*
Step 6: Countries with NFCS providing advanced services
Step 5: Launch the NFCS, implement the national action plan and conduct rigorous M&E
Step 4: Endorse the strategic plan and a costed action plan with timelines for NFCS implementation
Step 3: Develop a national strategic plan and costed action plan
Step 2: Organize a national consultation workshop
Step 1: Assess the baseline on climate services capacities
Step 0: Planned phase
(Status as of July 2021)
